

How does it work?

1. When you book, we'll send you a quick Google Form with the required gear list (the exact items on the list depend on your specific hike and the season)
2. You'll select the items you want to use (including sizes), and we'll have everything ready for you at the trailhead
3. If you prefer to bring certain items yourself (like your favorite boots), simply leave them unselected. Any personal gear must be high-quality and in good condition.

This is a list of hiking gear that we can provide:

- ✓ Hiking backpack + rain cover (size depends on duration of hike)
- ✓ Drybag (to keep your clothes inside backpack dry)
- ✓ Hiking boots (3-seasons)
- ✓ Merino Wool base layers (top & bottom)
- ✓ Hiking pants (quick dry)
- ✓ Hiking poles
- ✓ Goretex rain jacket
- ✓ Goretex rain pants
- ✓ Fleece mid-layer
- ✓ Down jacket
- ✓ Inner gloves
- ✓ Outer gloves (waterproof)
- ✓ Headlamp + batteries
- ✓ Beanie
- ✓ Gaitors

As you can see, we pretty much provide everything you need.

The only things you need to bring yourself are:

- ✗ Hiking clothes other than the ones listed above (e.g. hiking T-shirt & shorts)
- ✗ Sunglasses
- ✗ Personal items: hut clothes, toiletries etc.
- ✗ Cash (if you want to buy something at the mountain hut, e.g. beer)
